WASHINGTON.

Nomination of Judge Williams Confirmed.

A Report That the President Has at Last Decided to Veto the Seigniorage Bill.

By the Associated Press.

WASHINGTON, March 22.—It is not definitely known what action the president will take on the seigniorage bill or if he has concluded his consideration of it. He is said to incline towards a veto and to take the position that the purposes of the act are now covered by the provisions of the existing law of the Sherman act authorizing the coinage of bullion, the secretary of the treasury being empowered to coin seigniorage when earned.

It was reported today that he will veto the bill and that his message, which will accompany it to congress, has been already prepared.

By Brute Strength.

WASHINGTON, March 22.—The house spent the entire day in filibustering over the O'Neill-Joy contested election case. The report of the committee is in favor of unseating Mr. Joy, Republican. The Republicans are determined that this shall not be accomplished unless the Democrats produce their own quorum. The highest number of Democratic votes cast during the day was 166, thirteen short of a quorum. An unsuccessful attempt was made to adjourn over Good Friday. The struggle will be resumed tomorrow.

Judge Williams' Confirmation.

WASHINGTON, March 22.—The senate today confirmed Marshall H. Williams to be associate justice of the supreme court of Arizona.

The World Write-Up.

A mass meeting was held at the city hall last night to consider the matter of subscribing \$700 to a page write-up of the territory in the New York World. The write-up is to cost \$2,000 and the cost has been distributed among the counties of the territory in proportion to the prospective benefits to be derived from it. The meeting was well attended and speeches were made by Messrs. Jos. H. Campbell, Frank Cox and Dr. Hibbard. They were followed by Mr. Frank Born, a correspondent of the World. A committee consisting of Maj. Evans, E. F. Kellner and Gen. Collins was appointed to take action in the matter of raising the money. A call will be made upon the board of supervisors at a meeting to be held today.

THE GOVERNMENT'S DUTY.

Interesting Resolutions by the Interstate Irrigating Convention.

OMAHA, March 22.—At the afternoon session of the interstate irrigation convention the report of the committee on resolutions, reported at this morning session was adopted. After reciting the opening of public lands to settlement the platform goes on:

Resolved, That it is the sense of this convention that it is the duty of congress to make an appropriation to test the practicability of the following methods of irrigation for these plains: First, that the government should by experiments determine whether an underflow of water is of sufficient volume and can be brought to the surface at a cost to make it available for general irrigation purposes; second, that it should determine the extent to which reservoirs can be constructed for the purpose of storing storm water sufficient in quantity for irrigation purposes.

Resolved, That we fully endorse the following extract from the report of the special committee of the United States senate and that the same be made a part of the resolutions of this convention: "If anything can be done to encourage the people of these great plains it is important that it should be done speedily. There are over 1,000,000 people in the arid and semi-arid belt who have paid into the United States treasury no less than \$40,000,000 for public lands. The government should demonstrate to them the practicability of irrigation before they can have the courage or can command means to prosecute the work on any considerable scale."

Several addresses by prominent irrigators were made during the day.

JUDGE WILLIAMS CONFIRMED.

Receives Warm Congratulations of All.

The most important matter of news received yesterday was the announcement of the confirmation of Judge Williams which has been hanging fire for the past month. So long a time had elapsed that his friends had begun to grow uneasy. A private telegram yesterday afternoon conveying notice of the confirmation naturally brought elation and set the judge's many friends in motion toward his office on errands of congratulation. A meeting of the board of supervisors may be held today in which case his resignation as district attorney will be presented and at which his successor may be appointed.

WAITE'S CASE.

The Supreme Court Will Decide Tomorrow.

DENVER, March 22.—The contempt proceedings against Mayor Van Horne and Commissioners Mullins and Barnes was continued before Judge Glynn today. W. O. Evans, secretary of the Denver Tramway company, who has been accused of sending several hundred armed men to the city hall to aid Commissioners Orr and Martin in the fight against the governor, was the first witness. He emphatically denied the charges and said he advised a peaceful settlement of the trouble. The supreme court today received the briefs presented by the attorneys for Waite in his city hall case. The court expects to render an opinion on Saturday.

Stealing Armory Stores.

SAN FRANCISCO, March 22.—A sensation has been caused at the armory post situated on Angel Island by the discovery that a large quantity of gunpowder and coal oil which was stored on a bluff at some distance from the barracks, had been removed. It is thought that both citizens and soldiers are connected with the robbery. Some of the stolen stores have been found at Tiburon, a small town near the post, and three citizens of that place have been arrested. Two privates named Kinney and Wilson have also been placed under arrest, suspected of having been implicated in the robbery.
